Attn Mr David Yeh

Dear Mr Yeh

I am writing in response to the contract for DR DOS. We have tested the product and find it to be excellent. We are impressed by the amount of effort the people at Digital Research must have put in to develop DR DOS.

However, our management has decided to defer the commitment to using DR DOS because the list of compatible software packages is not as extensive as we wish it would be. For example, we have tested version 3.2, which is supposed to be compatible with Novell Advanced Netware 2.0a, but it failed to run.

Anyway, we appreciate the opportunity you have given us to test DR DOS and we look forward to doing business with you in future.

Thank you for your interest in our company.

Sincerely,

Vivian Lim
