

Amendment No. 15 to the License Agreement Between COMPAQ COMPUTER CORPORATION and MICROSOFT CORPORATION Dated October 1, 1992 Contract No. 1107-3053

This Amendment to the above-referenced License Agreement between MICROSOFT CORPORATION ("MS") and COMPAQ COMPUTER CORPORATION ("COMPANY") dated October 1, 1992 ("Agreement"), is made and entered into this 30th day of September, 1995.

The parties agree as follows:

1. The following shall be added to Exhibit C17 of the Agreement, under ADDITIONAL PROVISIONS:

"(q) Notwithstanding anything to the contrary in Section 7(c) of the Agreement, Compaq may use the BackOffice Logo in accordance with the BackOffice Usage Guidelines attached to this Amendment as Exhibit C17-A. Compaq's right to use the Logo as provided herein is not intended to imply in any way that Compaq's products have met the compatibility requirements designed to optimize Microsoft BackOffice products."

2. This Amendment shall amend, modify and supersede to the extent of any inconsistencies, the provisions of the Agreement. Except as expressly amended by this Amendment, the Agreement shall remain in full force and effect. The terms herein shall have the same meaning as set forth in the Agreement, except as otherwise provided.

IN WITNESS WHEREOF, the parties have executed this Amendment to the Agreement as of the date set forth above. All signed copies of this Amendment to the Agreement shall be deemed originals. This Amendment does not constitute an offer by MS. This Amendment shall be effective upon execution on behalf of COMPAQ and MS by their duly authorized representatives.

**MICROSOFT® BACKOFFICE™ LOGO USAGE GUIDELINES FOR OEMS AUTHORIZED  
TO DISTRIBUTE THE BACKOFFICE FAMILY**

The Microsoft® BackOffice™ Logo may be used in advertising, promotional materials, presentations, packaging and other such materials only when promoting Microsoft BackOffice, which indicates that your company is authorized to distribute, sell or carry the Microsoft BackOffice family of products.

The "Designed for Microsoft BackOffice" logo is not yet available for license. When available, this logo will signify that the OEM product has met certain compatibility requirements designed to optimize Microsoft BackOffice products. Use of the main "Microsoft BackOffice" logo only signifies that the OEM is authorized to distribute, sell or carry this package.

OEM use of the Microsoft BackOffice logo is conditioned upon the following guidelines;

1. An OEM must have a fully executed, OEM "BackOffice" license before they can use the Microsoft BackOffice logo.
2. Use only Microsoft authorized camera ready art or electronic artwork of the BackOffice logo. Follow the logo art guidelines that provide specifications on sizing, placement and color. A minimum amount of empty space must surround the BackOffice logo separating it from any other object such as type, photography, borders, edges and so on. The required amount of empty space that surrounds the logo must be 1/2x wide, where x equals the height of the logo, as measured from the highest point on the connectivity graphic to the lowest point on the connectivity graphic. The logo may not be used as a feature or design element of any other logo.
3. Except as expressly permitted, do not remove any trademark symbols or alter the logo in any way. Re-draws of the logo are not permitted. Resizing of the electronic logo is permitted.
4. Include the following footnote in advertising that includes the logo:  
  
Microsoft is a registered trademark and BackOffice and the BackOffice logo are trademarks of Microsoft.
5. An OEM may use the unaltered electronic BackOffice logo in icon form and the BackOffice logo in the start-up screen to start a Microsoft BackOffice program. The start-up screen can use the BackOffice logo in full screen form. In addition, such electronic use of the BackOffice logo does not need to be accompanied by a trademark footnote; however, the logo in the start-up screen should appear with the designated trademark symbols:™ and ®. Due to size constraints, the BackOffice logo icon does not need to include the ™ and ® symbols when used in software.
6. Except as expressly provided under item 5 above, do not use the BackOffice logo or the names "Microsoft," "Microsoft BackOffice" or "BackOffice" more prominently than your Company name or Product name (i.e., either your Company name or your Product name must appear at least as prominently as the "Microsoft BackOffice" name or the BackOffice logo).
7. Except as expressly provided under item 5 above, An OEM may use the BackOffice logo in advertising, promotional materials, presentations or on packaging only in connection with the sale or promotion of the Microsoft BackOffice family or the individual products that make up Microsoft BackOffice. Such uses need not exclusively promote the BackOffice family.
8. The product name should appear as, "Microsoft® BackOffice™" at the first and most prominent use in materials and can thereafter be referred to as "BackOffice."

EXHIBIT C17-A  
(Continued)

9. Do not imitate Microsoft's product packaging or the BackOffice logo in any of your materials, including advertising, product packaging and promotional materials.

10. Any use that is not consistent with these guidelines is strictly prohibited. Any usage which falls beyond the scope of the above must be approved in advance by the BackOffice Marketing department at Microsoft or send e-mail to [bckoffc@microsoft.com](mailto:bckoffc@microsoft.com) for approval.

Additional Guidelines for Using  
The Microsoft® BackOffice™ Logo

Microsoft has established the following set of guidelines to assist you in proper use of the Microsoft BackOffice logo.

Graphic Element and Accompanying Words

The logo is composed of two main components: the connectivity graphic and the accompanying words. The trademark symbol (™) must follow the graphic. The Microsoft-approved words that appear above and below the graphic are as follows:

Microsoft® BackOffice™

The words must accompany every use of the logo. The registered trademark symbol (®) must appear immediately following the word Microsoft and the trademark symbol must appear following the word BackOffice. No additional or substitute words may be used.

Materials using the logo that are distributed only within the United States should include the following footnote: "Microsoft is a registered trademark and BackOffice and the BackOffice logo are trademarks of Microsoft Corporation." Materials using the logo that are distributed outside the United States should include the following footnote: "Microsoft, BackOffice, and the BackOffice logo are either registered trademarks or trademarks of Microsoft Corporation in the United States and/or other countries."

Using the BackOffice Logo

You may use the logo only on materials for the Microsoft BackOffice integrated family of server applications, or for the individual products that make up Microsoft BackOffice.

Sizing and Placement Requirements

- You may use only the camera-ready artwork or electronic artwork of the logo supplied by Microsoft Creative Services. You may not alter this artwork in any way, separate the words "Microsoft BackOffice" from the graphic, or replace the words with any others.
- The Logo must stand alone. A minimum amount of empty space must be left between the logo and any other object such as type, photography, borders, edges, etc. The required border of empty space around the logo must be 1/2x wide, where x equals the height of the logo, as measured from the highest point on the connectivity graphic to the lowest point on the connectivity graphic.
- You may not combine the Logo with any other feature, including, but not limited to, other logos, words, graphics, photos, slogans, numbers, design features, or symbols.
- The connectivity graphic may not be used as a design feature on your Product, Product packaging, documentation, collateral, or advertising.

Four-Color Applications

The multicolored version is the preferred way of reproducing the logo. The graphic consists of four wavy lines, each in a different color, inside a black box. The four PANTONE® Matching System (PMS) colors are, from top to bottom at left edge, as follows:

\*Yellow..... PMS 123  
\*Green..... PMS 360  
\*Red..... PMS 172  
\*Blue..... PMS 279

The accompanying words print in black. Four-color process (CMYK) equivalents can also be used.

HIGHLY  
CONFIDENTIAL

MS-PCA 9000588

The four-color version can be reproduced **ONLY** as described here. The line colors must appear in the positions described. The four-color version must always appear on a white background.

**Black-and-White Applications**

Black-and-white reproductions of the logo may be positive or reversed.

**Quality Control**

Microsoft reserves the right to conduct spot checks on all Products, Product packaging, marketing materials, and documentation and may periodically send out requests for samples. Microsoft may also conduct spot checks in retail outlets and other product sources to monitor your compliance with the License Logo Agreement and the Logo Use Guidelines. Refusal to submit samples, or non-compliance with your License Logo Agreement and with these Guidelines, could result in revocation of the license to use the Logo.

All third parties must correct any deficiencies in your use of the Logo and/or in the quality of the Product used in conjunction with the Logo upon reasonable notice from Microsoft. Refusal to correct such deficiencies could result in revocation of your license to use the Logo.
