John, Please keep the focus on resolving  
Opus technical issues so we can  
close this sale.

Thanks Ian

BY FAX : 0635 35434

Dear Tony

Many thanks for your recent faxed correspondence dated 27 February 1990  
outlining the current situation and your position regarding your half year end.

I have read with interest the contents of your letter but unfortunately we are  
not in a position to progress any further with DR DOS until all the technical  
issues are resolved.

We are also awaiting the return of one of our Directors who is at present away  
on business in the Far East. There will be no major decision made on this  
issue until Mr Harris is back in the office as he is our Purchasing Director.

I hope that this clarifies the situation and I will of course come back to you  
as soon as a decision on this matter has been reached.

Kind regards,

Yours sincerely

IAN HARRIS  
Sales Director
