Melinda French is the PC Works team lead. Working for her is John Sage, who is the Product Manager. Donnag, who also works for melindaf, is our OEM hit person.

I am cc'ing them on this, thanks.
Mike

who is the works product manager? johnfi and I are investigating the geo stuff ...it appears that it is an immediate threat to works in some oem deals and perhaps a longer term threat to windows.

I want you guy dialed in.
