Great Features of Music Stores Using Windows Media 9 Series

Works great with Windows Media Player 9 Series

Enjoy and manage all your music and video—including downloads from all these music download stores—all in one place!

A la Cart Song Downloads and Albums

Buy just your favorite tracks for 79 to 99 cents, or complete albums for 9.95 and you can burn to CD or transfer to a portable music player.

Download all the songs you want for one low monthly price

Some of the music stores like Napster offer the option to subscribe and you can enjoy "all you can eat" downloads on your PC.

Over 500,000 Songs to Choose From

A huge range of artists, styles and genres means you'll always find music you want to hear.

Works great with over 40 compatible music devices

Whether you use an ultra compact portable player or want to take your entire collection wherever you go, Windows Media Player makes it easy to take with you.

Experience with Windows XP Media Center Edition 2004

Experience some of the services like Napster in your living room with a remote control using Windows XP Media Center Edition 2004.
