Function	Detail/Now Proj/Descr	Detailed Description
Access	Product Planning	Developer for Upsting Wizard and for the Access Runtime setup
Office	DAD Management	Manage prog mgmt and prod planning for Office shared features, and design, usability, and director of prog mgmt for DAD.
Office	Product Planning	Manages Office product planning team: OAC, marketing support, customer quality feedback.
Office	Product Planning	Product Planning: Next OAC, product support issues, user profile, research.
Office	Product Planning	Product Planning: KM & Collab scenarios, input from sales.
Office	Shared HTML and Web	Product Planning: Excel/Access, developer advisory council, instrumented version.
Office	Shared HTML and Web	Web Client: Recent hire, Tracking and documenting HTML consistency issues.
Office	Shared HTML and Web	Web Client: Save as web page UI, miscellaneous cross-Office issues.
Office	Shared HTML and Web	GPM for Web Client: XML, HTML format for doc properties, OLE, options.
Office	Shared HTML and Web	Web client: Supporting files, unknown HTML, web page preview, HTML options, MHTML, bundling tool, 64-bit.
Office	Shared Programmability	Web client: Hyperlink UI, themes, cf, html, shared features in HTML, tracking IE5 dependencies.
Office	Shared Programmability	Programmability: VBA, object model, events, COM add-in's, script editor integration.
Office	Shared Release	Programmability: Including security, anti-virus, encryption, web server object model.
Office	Shared Release	(MDelton) Operations team: Early morning "ReleaseMaster" shift, starts & tracks production runs, build troubleshooting, lab backups, system documentation.
Office	Shared Release	Operations team: Created shared release/ops tools
Office	Shared Release	Operations team: Runs the component build lab and process.
Office	Shared Release	Release team: Manages the German and SBE release process.
Office	Shared Release	Release team: Far East setup development.
Office	Shared Release	GPM for the Release and Operations: Size reduction efforts, release calendar, java compliance, optimization wizard, and marketing support.
Office	Shared Release	Release: Office 97 SR2, Office 95 O2K update, Office 2000 SBE and standalones.
Office	Shared Release	Release team lead, English Office 2000 release lead
Office	Shared Release	Release Team: International support and documentation.
Office	Shared Release	Operations team lead.
Office	Shared Release	Release Team: Daily operations/builds
Office	Shared Release	Release Team: Excel/Access and other English Office 2000
Office	Shared Release	Release Team: Far East releases.
Office	Shared TCO	TCO: MS Installer (aka Darwin).
Office	Shared TCO	TCO: including anti-piracy (LVP), setup UI, detect and repair, IE setup integration, general legal issues.
Office	Shared TCO	TCO: Darwin patching, Office resource kit.
Office	Shared TCO	TCO: Admin install, setup customization wizard, Office resource kit.
Office	Shared TCO	GPM for TCO: main project lead for Office 2000.
Office	Shared TCO	TCO Roaming, registry work, IE TCO dependencies, Win2000 support.
Office	Shared TCO	TCO: System policies, profile wizard, default save format, msi component authoring.
Office	Shared TCO	TCO: Upgrade including migration, coexistence, remove old versions.
Office	Shared UI & Assistance	UI team: New menus & toolbars, HTML help, Answer Wizard improvements, tracking shared feature beta feedback.
Office	Shared UI & Assistance	UI team: Collect & paste, power mgmt, instrumented version, Office-wide visual freeze process.
Office	Shared UI & Assistance	GPM for UI & Assistance: Office-wide UI vision, consistency, intelligent features.
Office	Shared UI & Assistance	UI team: Open and save as dialogs, improved assistant & answer wizard, fake SDI, our spec web.
Office	Shared Web Server	UI team: Accessibility, URLs in alerts, Answer Wizard link to MS, custom help.
Office	Shared Web Server	GPM for Web Server & Programmability
Office	Shared Web Server	Office web server: Web page development (start, search, admin, help), OSE international builds, publishing & replication.
Office	Shared Web Server	Office web server: Searching, help.
Office	Shared Web Server	(RichChoi) Developed Office 2000 Filter for Index Server. The project is done.
Office	Shared Web Server	(DavidSwi) Office Server Extension setup dev / MS authoring.
Office	Shared Web Server	(DavidSwi) Office server extensions setup and config wizard development.
Office	Shared Web Server	Office web server: Security, commenting, notification, IE 4 integration, localization, manages our spec web.
Office	Shared Web Server	(DavidSwi) Dev lead for Office Server Extension setup.
Office	Shared Web Server	Office web server: Publishing, setup & admin, search.
Office	Unassigned	Office web server lead: Integrating with FrontPage server extensions.

Excel	App Excel Features	Data Access Dev: Does a lot query/text import work.
Excel	App Excel Features	Tech Lead.
Excel	App Excel Features	Basic Use Dev: See-Through Selection, some DataAccess stuff.
Excel	App Excel Features	Dev Mgr.
Excel	App Excel Features	PerfTools Dev: New Hire - working on tools.
Excel	App Excel Features	Data Access Dev: Pivot Tables
Excel	App Excel Features	Recalc Dev: Does a lot of QFEs and Internals work. Does some Data Access & Html work.
Excel	App Excel Features	Performance Dev Lead
Excel	App Excel Features	Pivot List Contractor
Excel	App Excel Features	Far Least Dev Lead, WWEXEFE work.
Excel	Shared Base Technology	HTMLWeb Dev: Html Roundtrip work.

Function Detail(New Proj) Descr	Detailed Description
Business Graph App PowerPoint Features	Tripane View, dialog auto layouting.
Business Graph App PowerPoint Features	Mr. HTML
Business Graph App PowerPoint Features	Text FE features
Business Graph App PowerPoint Features	SlideShow, HTML text
Business Graph App PowerPoint Features	VGX
Business Graph App PowerPoint Features	UI team, performance
Business Graph App PowerPoint Features	PPT9 overall project lead
Business Graph App PowerPoint Features	PPT contractor, VB feature maintenance
Business Graph App PowerPoint Features	newhire
Business Graph App PowerPoint Features	Pluggable UI, printing
Business Graph App PowerPoint Features	HTML features
Business Graph App PowerPoint Features	Generic HTML import
Business Graph App PowerPoint Features	UI, Assistant
Business Graph App PowerPoint Features	Presentation broadcast
Business Graph App PowerPoint Features	Dev manager
Business Graph App PowerPoint Features	HTML features
Business Graph App PowerPoint Features	VGX
Business Graph App PowerPoint Features	OLE maintenance QFEs
Business Graph App PowerPoint Features	HTML, OCX support
Business Graph App PowerPoint Features	VGX
Business Graph App PowerPoint Features	Dev lead, VGX
Business Graph App PowerPoint Features	HTML, broadcast and slideshow customer research
Business Graph App PowerPoint Features	Charting, collaboration customer research
Business Graph App PowerPoint Features	Escher and PPT Product Planning, Graphics and multimedia customer research
Business Graph App PowerPoint Features	competitive analysis, HG translator project
Business Graph App PowerPoint Features	Manages PowerPoint product planning team, Diagramming, slide formatting, simplicity
Business Graph App PowerPoint Features	Net Meeting, Also spends 50% time on broadcast testing
Business Graph App PowerPoint Features	SlideShow, Viewers, View on two screens, Laptop support, and reading Generic HTML file format.
Business Graph App PowerPoint Features	30% Lab & printer support, 70% on OS and printer configuration testing; handles backward compatibility testing with new OS builds
Business Graph App PowerPoint Features	Test lead, Led SR2 release, PPT2000, Geni, OS Configs, and print testing.
Business Graph App PowerPoint Features	Slide layouts, forming, different views, masters, content & design templates, TWIN support (insert from ScannerPicture)
Business Graph App PowerPoint Features	Test Lead, Tests Intl Sufficiency, Intl Test Kit, Greek testing.
Business Graph App PowerPoint Features	Graphics filters, Draw features integration in PPT, macro recorder, and PPT97 builds for QFE fixes
Business Graph App PowerPoint Features	Text handling, PPT Tables, Fonts handling, Outline view, and Pluggable UI scenarios
Business Graph App PowerPoint Features	Responsible for German testing using localized builds.
Business Graph App PowerPoint Features	UI areas; dialogs, menus, and verifying PPT core functionalities on different Intl Operating Systems.
Business Graph App PowerPoint Features	Test lead, Tests HTML file format, HTML binary roundtripping, support Set Verification Systems.
Business Graph App PowerPoint Features	Test leads, Leads test automation, Build Verification Testing, tests Events, Security, and memory/stress testing
Business Graph App PowerPoint Features	90% on Broadcast feature, 10% on workgroup features including Outlook
Business Graph App PowerPoint Features	Object model, OCX, OLE and interoperability scenarios, Automated tools & support
Business Graph App PowerPoint Features	Broadcast feature, Leaving end of January 99.
Business Graph App PowerPoint Features	HTML V3 and V3/V4 (dual format), VGX (in Excel), both onscreen & printing.
Business Graph App PowerPoint Features	Binary file format (open/save), Mac and PPT97 file formats. Owns all areas' automated quick tests investigation.
Business Graph App PowerPoint Features	Clipart Gallery integration (PPT, Word, Excel), Active Web and hyperlink supported features.
Business Graph App PowerPoint Features	Test Manager
Business Graph App PowerPoint Features	HTML V4 format, maintains & troubleshoots PPT's SVT (Setup Up Verification script) failures after each Setup build.
Business Graph App PowerPoint Features	VGX (in Word), on screen & printing
Business Graph App PowerPoint Features	Reading files up revidown rev/cross platforms. Leads contractor on German testing & release.
Business Graph App PowerPoint Features	VGX test lead & owns PPT test cases; on screen & printing
Business Graph App PowerPoint Features	Printing, Accessibility, Help/Assistance, Tutorial
Business Graph App PowerPoint Features	Contractor: brought in to help with VGX printer testing on all tier/ner2 printers
Business Graph App PowerPoint Features	To be transferred from Escher team after Office 2000 shipped. He replaces Robert Chan who left the group in Nov.
Business Graph App PowerPoint Features	FE test lead, Handles all test scenarios to support WW exe and leads contractors and testers in 4 FE subs
Business Graph App PowerPoint Features	FE: Core code that supports Korean configurations and scenarios
Business Graph App PowerPoint Features	FE: Core code that supports TC & PRC configurations and scenarios.
Business Graph App PowerPoint Features	Contractor: runs and analysis entire automated regression test suite on multi-language platforms.
Business Graph App PowerPoint Features	Vendor on Riched20.dll, Far East issues, JME implementation, Riched32 compatibility(JMO)
Business Graph App PowerPoint Features	Riched20.dll, Complex scripts, Line Services integration into Riched20.dll, display issues
Business Graph App PowerPoint Features	Line Services 3.0 Dev lead, details of text layout for carrying worldwide typographies
Business Graph App PowerPoint Features	Vendor on Riched20.dll Unicode drop down and combo boxes, Accessibility (JMO)
Business Graph App PowerPoint Features	Line Services 3.0 Architect
Business Graph App PowerPoint Features	All display and query issues of LineServices; display effects (shading, underlining), display of the text, cursor, positioning.
Business Graph App PowerPoint Features	Riched20.dll dev lead, OLE objects, WinCE implementation, bug flow, interface with rcheck clients
Business Graph App PowerPoint Features	No bringer at Microsoft
Business Graph App PowerPoint Features	riched20.dll architect, Handles TOM, RTF, table implementation, Unicode issues for Microsoft
Business Graph App PowerPoint Features	Line Services 3.0 FE specific objects, performance measurement and improvement, dev test harnesses
Business Graph App PowerPoint Features	Line Services 3.0 formatting manager
Business Graph App PowerPoint Features	ChrisAm transferring from PowerPoint to Elk's new project 2/199
Business Graph App PowerPoint Features	Tools and Automation

Function Detail	New Proj Descr	Detailed Description
Office	Shared Base Technology	Performance guru, researching new test metrics also
Office	Shared Base Technology	Performance development, also doing automated code bug detection
Office	Shared Base Technology	Performance dev, Office Turnup Wizard, bitmap compression, toolbars
Office	Shared Base Technology	Build Team Lead, Performance development, overall technical resource
Office	Shared Base Technology	Performance Dev, currently on loan to Dieter's Release team fixing bugs
Office	Shared Base Technology	Performance Dev, did SR-2 installer, ensures all external binaries of ship quality
Office	Shared Base Technology	Development Manager, Base Technologies
Office	Shared Base Technology	Builder - keeps regular Office builds coming out the door!
Office	Shared Base Technology	Performance Dev, doing 64-bit port and research
Office	Shared Base Technology	Performance Dev, currently on loan to Dieter's Release team fixing bugs
Office	Shared Base Technology	Watcoo Coop, just started, enhancing the profiler
Office	Shared HTML and Web	Returning item - Working on WebArchive utility
Office	Shared HTML and Web	HTML file management, file name & link encoding
Office	Shared HTML and Web	HTML/Binary link fixup, setup assistance
Office	Shared HTML and Web	Web Themes, hyperlink dialog
Office	Shared HTML and Web	SendTo9, HTML, save/load file management
Office	Shared HTML and Web	Web page preview, hyperlink dialog
Office	Shared HTML and Web	HTML Save/Load infrastructure, CF_HTML in Word
Office	Shared HTML and Web	HTML import/export infrastructure, doc options in HTML
Office	Shared HTML and Web	Dev Manager
Office	Shared HTML and Web	Hyperlink dialog, link fixup, CF_HTML in PowerPoint
Office	Shared HTML and Web	OCXs in all apps (binary/HTML), IE integration
Office	Shared HTML and Web	Office XML, link encoding, Notes integration, doc properties
Office	Shared HTML and Web	NT5 features, doc management, HTML file handling
Office	Shared HTML and Web	MLANG charset encoding, HTML save/load infrastructure, conditional comments, entities
Office	Shared HTML and Web	HTML edit verb handler, hyperlink dialog
Office	Shared HTML and Web	CF_HTML in Excel, XL HTML integration, HTML save/load infrastructure
Office	Shared HTML and Web	Prog. Team: Does Word events, Com address HTML, rt etc.
Office	Shared Programmability	Prog. Team: HTML scripts, Security, Digital Signatures, ComAddins etc.
Office	Shared Programmability	Dev Lead: owns Forms3 maintenance
Office	Shared Programmability	Program. Team: integrates VBA and MSE
Office	Shared Programmability	Builder - gets regular builds out, working on increasing build automation
Office	Shared Release	Builder - gets regular builds out, working on increasing build automation
Office	Shared Release	Office 9 Setup Developer, main focus is Language Pack and Proofing Tools Kit
Office	Shared Release	Scopes Development, Office 10 setup methodology
Office	Shared Release	Office 9 Setup Developer, main focus is feature hierarchy, assisting Ireland authoring
Office	Shared Release	Lead, Managing and developing Office 9 setup, Main development focus is Word and registry issues
Office	Shared Release	Office 9 Setup Developer, main focus is PowerPoint and FE releases
Office	Shared Release	Office 9 Setup Developer, main focus is self-reg features, general bugs
Office	Shared Release	Lead, Managing and developing Office Setup, Managing Scopes Development
Office	Shared Release	Office 9 Setup Developer, main focus is Language Packs and Proofing Tools Kit
Office	Shared Release	Office 9 Setup Developer, main focus is Excel and KOR releases
Office	Shared TCO	Install-on-demand features in Office 2000
Office	Shared TCO	Darwin team - Rollback, Patching and Admin installs
Office	Shared TCO	Assorted Bug fixing in Office 2000 (brand new to the Team)
Office	Shared TCO	Darwin team - Owns entire User Interface
Office	Shared TCO	Darwin team - Tech lead, owns database format and ODBC installation issues
Office	Shared TCO	IES installation issues, OSB
Office	Shared TCO	Install-on-demand features - Hydra, and TCO performance
Office	Shared TCO	Darwin team - File installation and Costing
Office	Shared TCO	Office registry API and build issues
Office	Shared TCO	Darwin team - validation and merge modules
Office	Shared TCO	Office registry API and pushing files into the build process
Office	Shared TCO	Darwin team - service implementation, public API, NT5 integration
Office	Shared TCO	Installing Office as a non-admin
Office	Shared TCO	Darwin/Office integration and Lang Pak authoring
Office	Shared TCO	Custom Install Wizard, Office Customize Wizard and Patch Creation tool (darwinh)
Office	Shared TCO	Install-on-demand features and build process issues
Office	Shared TCO	Default Save and Setup bootstrapper
Office	Shared TCO	Dev Manager and Darwin performance
Office	Shared TCO	Darwin team - font installation, component issues
Office	Shared TCO	removal of old files at install time, integration of IES installation
Office	Shared TCO	Upgrade features - migration of settings from previous Office versions
Office	Shared TCO	License verification and Roaming user
Office	Shared TCO	Darwin team - installation of darwin, security issues, environment variables
Office	Shared TCO	Misc bug fixing and authoring requests - recent addition to the team
